#### ACCIDENTS

Chair: tbd

1030 Modelling of accident frequency at unsignalized  
pedestrian crossings in Warsaw, Piotr Olszewski

1050 Modelling public bus transport accident and casualty  
severity in Ghana, Enoch Sam

1110 Safety evaluation at level crossings with the help of an  
automatised measurement technique, Clemens  
Kaufmann

#### POSTER SESSION

1130 Chair: Nicole Muhlrud

1200 Lunch break

#### KEY NOTE SPEECH I

Chair: tbd

1300 Controlling walkability policy making, Rob Methorst

#### WEATHER

Chair: tbd

1345 Inclement weather and road casualty in urban areas,  
Ruth Bergel-Hayat

1405 The weather and the city: road safety perspective, Sara  
Ferreira

1425 Break

#### ATTITUDES

Chair: tbd

1500 How parental road safety concerns are barriers to their  
children's walking to schools? Evidence from Iran and  
China, Mohsen Fallah Zavareh

1520 Drivers attitudes to speed limit compliance in Fleet and  
Private Vehicles: Developing an effective speed limit  
compliance Intervention., Anderson Etika

#### SURROGATE DATA AND CONFLICTS

Chair: tbd

1540 Validation of surrogate safety indicators with a focus on  
vulnerable road users, Carl Johnsson

1600 An Approach for the Estimation of Error Rates in  
Observing Critical Situations, Andreas Leich

#### WEB-BASED PUBLIC PORTALS

Chair: Matus Sucha

1620 Web-based public portals dedicated to urban mobility

- 18.00 Public session in Czech language, a brief report in  
English will be provided afterwards.

1900 Dinner

#### 27<sup>th</sup> October

0830 Registration

#### CYCLISTS

Chair: tbd

0900 Naturalistic cycling data as a base for awareness raising,  
Elisabeth Füssl

0920 Is Safety-In-Numbers for fatal bicycle crashes confounded  
by the general level of road safety?, Paul Schepers

0940 Level-of-service concept for cyclists and its relation to  
safety, Khashayar Kazemzadeh

1000 Break

1030 Cycling through intersections: Patterns affecting safety,  
Mandy Dotzauer

1050 Youngsters' opinions and attitudes toward the use of  
electric bicycles in Israel, Wafa Elias

1110 Field observations of young e-cyclists in Israeli cities: a  
characterization of typical behaviours and risk factors,  
Victoria Gitelman

#### PEDESTRIANS

Chair: tbd

1130 Red light walking, transportation time and attitudes in  
crossing with intelligent green light for pedestrians, Niels  
Agerholm

1150 Communication between road users and automated  
vehicles, Karin Ausserer

1210 Lunch Break

#### KEY NOTE SPEECH II

Chair: tbd

1315 Anne Faure

#### MEASURES

Chair: tbd

1400 How can speed enforcement be made more effective,  
Aswin Siregar

1420 Collecting and disseminating evidence on prioritising road  
safety measures in the EU SafetyCube project, Stijn Daniels

1440 Break

1510 "Maybe I will just send a Quick Text..." - Two Studies to  
Reduce and Explain Drivers' Distractions, Ole Jørgen  
Johansson

1530 Are traffic safety decisions based on evidence?, Jiri Ambros

1550 Dementia and Mobility – Issues, Needs and Solutions,  
Daniel Bell

1610 Closure

1900 Social event

#### 28<sup>th</sup> October

1000 - ICTCT General Assembly

### Poster session

- 1 Eye marker studies in evaluation of mixed traffic safety. How do drivers look at traffic in the city?, Lidia Zakowska
