Tomsk State Pedagogical University (TSPU)

В Томском государственном педагогическом университете работает ежегодная **Школа русского языка и культуры**. Весной мы принимаем в гости студентов из японских университетов, летом слушателей из Франции, осенью студентов, магистрантов и аспирантов из Польши, а течение всего года обучаем русскому языку абитуриентов и студентов из Китая, Монголии, Великобритании, Чехии и Бразилии.

В рамках коротких языковых курсов (80 - 120 учебных часов в течение 3-4 недель) слушатели интенсивно изучают русский язык и знакомятся с русской культурой на семинарах и мастер-классах.

По окончании курсов слушатели проходят итоговое тестирование по русскому языку как иностранному и получают сертификат об окончании Школы русского языка.

Tomsk State Pedagogical University offers **Russian Culture and Language Immersion Program** for international students. Within a short language course (3-4 weeks and 80 to 100 academic hours) students intensively study the Russian language and get acquainted with Russian culture, go through cultural and language workshops. Upon the completion of the program students take their final exam and are awarded with TSPU Certificate.

Students of the language courses can stay in comfortable rooms of our dormitory. There are several options to get here. You can fly via Moscow to Tomsk, or you can choose to fly to Novosibirsk (Tolmachevo), located near Tomsk and then get here by bus in a four hour trip.

We are looking forward to welcoming you in TSPU!
