Report

on the instruction of students of Palacký University in Olomouc (hereinafter referred to as "PU") on basic obligations with regard to their compliance with occupational health and safety and fire prevention regulations.

I hereby undertake the following:

- 1. I will comply with all principles and rules of occupational health and safety and fire prevention, maintain the lecture rooms and specialized workplaces in order, comply with the defined work procedures, observe the prohibition to handle equipment for which professional qualification is needed (specified electric, gas and pressure equipment, lasers etc.). I will also pay attention to my own health and safety, and use the required personal protective equipment, observe the principles of safe conduct in buildings and on premises where instruction and practical training take place, as well as during all other activities related to instruction. Furthermore, I will participate in any other compulsory training at PU departments and workplaces, as well as in other workplaces, of my practical training organized by the respective teacher (supervisor of the workplace), and I will obey his or her instructions.
- I will observe and follow the prohibition of entry, smoking, using naked flames, and any other warning signals, or other safety and fire protection signs, operational and fire fighting rules of the respective workplaces, fire alarm plans, dormitory codes etc.
- 3. I will acquaint myself with fire alarm plans, fire fighting regulations, locations of the fire alarm service, exit routes, and the placement of portable fire extinguishers, including the use thereof, or as the case may be, other fire fighting tools for all buildings and premises (related to instruction), in which I will be present.
- 4. If I spot a fire, I will try to extinguish it by all means available (unless my own safety is endangered). I will announce the fire alarm by calling out HOŘÍ (FIRE in Czech) and immediately inform the teacher (supervisor of the workplace) thereof, and report the fire by dialling 150 Fire Rescue Service, or 112 European Emergency Call number. The 112 emergency call number is to be used mainly for more extensive emergencies.

In such a case, I will provide the following details:

- a) where the fire is (the address of the workplace on fire)
- b) what is on fire (e.g. a chemistry laboratory, archives, a hospital ward)
- c) who is calling (my first name and surname)
- d) persons injured
- e) the phone number I am using
- f) I will wait at the phone for a possible return call.

I will obey the instructions of the person in charge of the fire brigade (or its members), or of the Police of the Czech Republic.

5. Without undue delay, I will inform my teacher (supervisor of the workplace) of all identified deficiencies or faults, which could result in an injury, damage to health or fire. I will immediately inform him or her of all identified deficiencies related to occupational health and safety and fire protection, and, if relevant, of injury to me or other persons. I will have all injuries immediately treated, and subject to the circumstances I will immediately ask the teacher (supervisor of the workplace) to record the injury or draw up an accident report. After my sick leave terminates, I will submit the form called **Report on Compensation for Pain and Suffering** (KOOPERATIVA a.s. insurance company) duly filled in and confirmed by the attending doctor to the secretary of the respective department.

I hereby acknowledge that accident insurance applies only to my person and my activities during instruction according to the programme of study, and is valid only in Europe. The insurance does not apply to freetime activities before and after classes, lectures, practical classes, day training programmes or professional training plans, courses etc.

6. I hereby declare that I will observe the strict confidentiality of all sensitive personal details, and other facts which I learn in course of my practical training. Should I breach such duty of confidentiality, I am aware of possible sanctions under the Disciplinary Code of PU, and other possible sanctions pursuant to applicable laws.
